Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

 1. the CoC Application,
 2. the CoC Priority Listing, and
 3. all the CoC's project applications that were either approved and ranked, or rejected.

 As the Collaborative Applicant, you are responsible for reviewing the following:

 1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
 2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
 3. All information provided to ensure it is correct and current.
 4. Responses provided by project applicants in their Project Applications.
 5. The application to ensure all documentation, including attachment are provided.

 Your CoC Must Approve the Consolidated Application before You Submit It
 - 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.
 - 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.
 Answering Multi-Part Narrative Questions
 Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

 Attachments
 Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.
 - Attachments must match the questions they are associated with–if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.
 - We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

		Describe in the field below how your CoC:
	1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
	2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;

(limit 2,500 characters)

Membership information is available on the CoC website year-round, and the Membership Committee (MC) emails the community and publicly posts solicitation announcements prior to the Annual Membership Meeting, including utilizing social media such as Facebook. The MC conducts outreach as needed to ensure that homeless/formerly homeless persons are encouraged to join and/or participate in the CoC. Each CoC member is asked to provide at least one name from their community who may be interested in participating in the CoC. The public are welcome to attend the CoC meetings, and current CoC members are encouraged to invite community stakeholders to attend CoC meetings. Per the CoC by-laws members can, and are strongly encouraged to, recommend any interested agency, business, and/or community advocate for CoC membership. The CoC is committed to continually provide outreach to organizations that may serve culturally specific communities experiencing homelessness in the State of Wyoming.

2. The website and accompanying social media sites allow for accessibility options for those with vision or auditory disabilities. We are also looking to software that allows a user to customize their webpage accessibility for a multitude of barriers such as dyslexia or language barriers.

3. We are currently working to increase our outreach to the indigenous populations of Wyoming. These populations include the Crow, Sioux, Cheyenne and Northern Arapaho nations. In addition to these on-going efforts, we will be doing more outreach to address housing concerns of the LGBTQ+ populations. This is part of our upcoming strategic planning session scheduled for next fiscal year (FY23)

	1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;
	2.	communicated information during public meetings or other forums your CoC uses to solicit public information; and
	3.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.

(limit 2,500 characters)

1. WY-500, the Wyoming Statewide CoC, seeks representation from each geographic region as well as from a diversity of agencies and expertise for each committee. As the CoC's recruitment process becomes more organized, the Wyoming Homeless Collaborative solicits the opinions from a wide array of organizations. During the quarterly membership meetings, the CoC Board of Directors provides the opportunity for service providers and other stakeholders to provide input on homelessness in the region.
2. We are in the process of completely reviewing, assessing and revamping our procedures during public meetings to ensure that we are using best-practices techniques to solicit public input and how we can best use this information moving forward to appropriately plan for addressing homelessness in Wyoming. We are very aware that our previous efforts have not been to level expected for CoC's to properly plan.
3. We will be hosting more statewide community cafés and conversation opportunities, particularly in under-served communities such as the tribal lands. We will be utilizing motivational interviewing techniques to better obtain feedback and new, creative ideas to address our housing issues.

	1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
		NOFO Section VII.B.1.a.(4)	

		Describe in the field below how your CoC notified the public:
	1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;
	2.	about how project applicants must submit their project applications–the process;
	3.	about how your CoC would determine which project applications it would submit to HUD for funding; and
	4.	how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.

(limit 2,500 characters)

1. We notified potential new project applications of the available competitive funding through our website and social media. Current applicants were also notified via email that the application process was now open. We received one new project.
2. In the legal notification, we outlined how they must submit their application and the deadline they were to have submitted projects by.
3. The board of directors for the CoC then met to rank and review submissions and through that process determined that we had fewer projects than expected and one new project that we moved to Tier 1 and rank #1. This move reflected our policy that HMIS directed projects would always take precedent in our ranking process. One previous applicant failed to meet the necessary requirements for the application to be considered.

(limit 2,500 characters)

The CoC has adopted in its policies and procedures a policy for agencies to inform homeless individuals and families of their eligibility for education services. This policy comes from the Wyoming Department of Education's consolidated state plan for the "Every Student Succeeds Act." Additionally, all school districts in the State of Wyoming are required to have a policy describing the eligibility, rights and services available for McKinney-Vento eligible students. Each district must post information on McKinney-Vento rights throughout their district and community, including locations where families may see them (i.e. food pantries, laundromats, libraries, medical offices, and emergency shelters).

(limit 2,500 characters)

The executive director of the Wyoming Coalition Against Domestic Violence and Sexual Assault (WCDVSA) is a member of the Wyoming Homeless Collaborative (WY-500). The director works with the membership and board of directors (BOD) to ensure the CoC is committed to providing leadership, education, and systems advocacy to advance social change and end violence. WCDVSA provides training on best practices and safety protocols, as well as reviewing the Wyoming Homeless Collaborative's Coordinated Entry Policies and Procedures. Institute for Community Alliances has provided training at the Wyoming Domestic Violence annual meeting to provide information regarding the Domestic Violence Information Management System (DVIMS).

It is a concern of the CoC that the current agency holding the domestic violence portion of the HUD CoC grant did not apply for a renewal or new project in this application process. It is the decision of the CoC board of directors that a renewed outreach effort be established to build new relationships with other DVSA agencies across the state to better inform and formulate programming as we move forward.

1C-5a.	Annual Training on Safety and Best Practices to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.

(limit 2,500 characters)

The director of the Wyoming Coalition against Domestic Violence and Sexual Assault (WCDVSA) is a member of the Wyoming Homeless Collaborative (WY-500). The director works with the membership and board of directors (BOD) to ensure the CoC is committed to providing leadership, education, and systems advocacy to advance social change and end violence. The CoC's Coordinated Entry specialist has created a method to have a separate list with non personally identifiable information so victims fleeing domestic violence can anonymously access coordinated entry. There will be a renewed effort in building these relationships and training opportunities with the new director of the WCDVSA and to increase these opportunities with other DVSA Agencies in Wyoming. With the non-application status of our existing DVSA agency, there are places where we are going to have to rebuild our program for victims and survivors to reflect the absence of that HUD funded programming.

1C-5b.	Using De-identified Aggregate Data to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.		
	NOFO Section VII.B.1.e.

(limit 2,500 characters)

Victim service providers across the state of Wyoming collaborate with the CoC to ensure the safety of all persons, and their families, fleeing domestic violence. These agencies provide services to victims fleeing from domestic violence, sexual assault, stalking, and dating violence. Domestic Violence shelters offer safe and confidential care for victims and their children. Individuals are provided with direct housing, case management plans which include employment opportunities, as well as referrals to other community service agencies. The relationship between the CoC, victim service providers, and other housing resources results in efficient housing assessments. The Coordinated Entry assessment process screens for victimization to ensure appropriate safety and confidentiality is provided. Additionally, WY-500 has adopted an emergency transfer plan, requiring all CoC-funded projects to take the necessary steps to ensure the safety of victims of domestic violence, dating violence, sexual assault, and stalking.

With the non-application status of our existing DVSA agency, there are places where we are going to have to rebuild our program for victims and survivors to reflect the absence of that HUD funded programming.

1C-5c.	Communicating Emergency Transfer Plan to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC communicates to all individuals and families seeking or receiving CoC Program assistance:
1.	the emergency transfer plan policies and procedures; and
2.	the process for individuals and families to request an emergency transfer.

(limit 2,500 characters)

Materials describing this process are communicated and distributed to statewide and local agencies through our partnership and collaboration with the Wyoming Coalition Against Domestic Violence and Sexual Assault. These processes, policies and procedures are scheduled to be reviewed and updated in the next fiscal/program year. With the non-application status of our existing DVSA agency, there are places where we are going to have to rebuild our program for victims and survivors to reflect the absence of that HUD funded programming.

	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC ensures that survivors of domestic violence, dating violence, sexual assault, or stalking have access to all of the housing and services available within the CoC's geographic area.

(limit 2,500 characters)

We depend on the collaboration and resources of the Wyoming Coalition of Domestic Violence and Sexual Assault and the Division of Victim Services at the Attorney General's Office to assist us in informing victims from all backgrounds and experiences about the services available to them. This information is provided through social media, printed materials and local traditional media as allowed. It is a key piece of safety planning to discuss different housing opportunities with victims as they seek services. It is through intentional training opportunities and ongoing assessment of training materials to client facing staff that they best equipped to share this information with victims and survivors.

With the non-application status of our existing DVSA agency, there are places where we are going to have to rebuild our program for victims and survivors to reflect the absence of that HUD funded programming.

1C-5e.	Including Safety, Planning, and Confidentiality Protocols in Coordinated Entry to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC's coordinated entry includes:
1.	safety protocols,
2.	planning protocols, and
3.	confidentiality protocols.

(limit 2,500 characters)

1.The Coordinated Entry process considers the safety of all persons but especially the victims of domestic violence. Coordinated Entry is recorded in HMIS where client information can be "locked" thereby only agencies the client wants can have access to their information. VSP providers do not enter into the CoC HMIS system but can utilize a standalone system that mirrors the CoC HMIS. This allows for VSP's to participate in Coordinated Entry by completing the same common assessment. When a VSP has a client who is referred to the Coordinated Entry process, the common assessment is completed for acuity level and homeless history. Then de-identified client information is entered onto an Excel spreadsheet and sent to the Coordinated Entry Specialist. The de-identified client information is then combined with the by- name list from HMIS and the VSP client is offered housing when an appropriate housing option is available.
2.Planning protocols
3.Confidentiality is maintained by every Coordinated Entry participating agency signs an MOU outlining the Coordinated Entry process and the established protocols for protecting client information. Case Managers participating in the in the weekly Coordinated Entry meeting sign a Confidentiality Agreement outlining the importance of maintaining confidentiality and safety of clients.

	3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
	4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

1. We take our stakeholder feedback very seriously and as we review and update any and all policy we take this feedback in to consideration
2. The CoC provides T/TA to all providers and partners during the project year and reviews guidance, policy and procedures during site visits to ensure that all are compliant as required by state and federal law. We also engage our partners and project providers to review on their own as they move forward through the year to ensure they are utilizing best practices that are proved and up to date.
3. During site visits, we follow our guidelines to ensure compliance.
4. We will provide T/TA through the CoC or engage our HUD partners to help bring partners and program providers up to date as necessary.

The CoC conducts yearly monitoring visits to all Coc-funded programs. The monitoring tool has questions relating to housing first and if an agency is identified as being noncompliant, measures will be taken to address the issue(s). This may include requesting technical assistance from HUD, or reallocating funds to another agency. The CoC will be using a new tool to measure compliance but hasn't completed the process yet.

Wyoming is the 10th largest state in size with 97,814 square miles, but smallest in population with only 582,658 residents. Wyoming is second to last in terms of population density at only 5.85 people per square mile. The State Department of Family Services will no longer lead the effort in improving the Continuum of Care. This will be contracted out to a state organization with experience in managing and leading a homeless collaborative. This effort is a renewed focused on improving the PIT count methodology and the implementation of Wyoming's Ten-Year Plan to End Homelessness that includes improving services for all vulnerable populations, including those least likely to request assistance.

	NOFO Section VII.B.1.q.	

Describe in the field below the steps your CoC and homeless providers have taken to address disparities identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

The State of Wyoming is 90.9% white, non-hispanic, compared to 60% reported nationally. With the state being primarily white, the number of minorities entering into homelessness is small. However, the CoC has identified that Hispanic households are entering into homelessness at an equal rate as white, non-hispanic households. The CoC is committed to provide additional outreach to the tribal nations and other persons of color in need of services to reduce the number of first time homelessness and returns to homelessness. CoC-affiliated agencies provide services regardless of a person's race or ethnicity. The racial disparity assessment has determined that homelessness among minorities does not exceed 10% of the total population, which is HUD's measurement of under or over representation. As the State becomes more diverse, the CoC will continually monitor the HMIS data and adjust service provision as needed.

1D-10d.	Tracking Progress on Preventing or Eliminating Disparities.

	NOFO Section VII.B.2.d.	

	Describe in the field below:	
1.	how your CoC collected and analyzed data regarding each project that has successfully housed program participants in permanent housing;	
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;	
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and	
4.	considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.	

(limit 2,500 characters)

1. The CoC rank and review committee (the Executive Board of Directors) were given each project application with threshold requirements, project capacity, populations served, system and project performance, fiscal responsibility and Equity factors.
2. Through discussion of the applications with each other and review of each project, the CoC was able to analyze the necessary data as provided in the each application.
3. Through discussion of the applications with each other and review of each project, the CoC was able to analyze the necessary data as provided in the each application.

1E-3.	Promoting Racial Equity in the Local Competition Review and Ranking Process.	
	NOFO Section VII.B.2.e.	

	Describe in the field below:	
1.	how your CoC obtained input and included persons of different races, particularly those over-represented in the local homelessness population;	

2.	how the input from persons of different races, particularly those over-represented in the local homelessness population, affected how your CoC determined the rating factors used to review project applications;	
3.	how your CoC included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process; and	
4.	how your CoC rated and ranked projects based on the degree to which their project has identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.	

(limit 2,500 characters)

With the reduced time frame for submission of application projects, the CoC board was unable to add in additional persons of color in the rank and review process. Each application project however was asked to include people of color and marginalized populations in their planning processes. The following topics were review by the rank and review committee for equity issues:
(1) Applicant has under-represented individuals (BIPOC, LGBTQ+, etc.) in managerial and leadership positions
(2) Applicant's board of directors includes representation from more than one person with lived experience
(3) Applicant has relational process for receiving and incorporating feedback from persons with lived experience
(4) Applicant has reviewed its internal policies and procedures with an equity lens and has a plan for developing and implementing equitable policies that do not impose undue barriers
(5) Applicant has reviewed program participant outcomes with an equity lens, including the disaggregation of data by race, ethnicity, gender identity, and/or age
(6) Applicant has identified programmatic changes needed to make program participant outcomes more equitable and developed a plan to make those changes
The State of Wyoming does not have a diverse population. In the future, the CoC will continue to seek input from diverse populations and will make every effort to ensure agencies are not discriminating nor overlooking populations in need.

1E-4.	Reallocation–Reviewing Performance of Existing Projects.	
	NOFO Section VII.B.2.f.	

	Describe in the field below:	
1.	your CoC's reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;	
2.	whether your CoC identified any projects through this process during your local competition this year;	
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and	
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.	

(limit 2,500 characters)

1. The reallocation process was decided by existing policy. All HMIS projects will be ranked #1 in Tier 1 - regardless of any other projects. This year, in the application process, we identified the NEW project HMIS to be allocated additional funding without reducing the dollar amounts of other existing projects. No projects were deemed to be low performing or less needed. The Wyoming Homeless Collaborative conducts yearly monitoring visits to review and assess each CoC-funded agencies' program performance. These visits identify lower-performing projects and determine the viability of reallocating funding to create higher-performing projects in future CoC funding competitions. The CoC BOD also reviews the data quality of each agency during the monthly CoC meetings. This consistent monitoring is another method in identifying lower-performing projects. Have monthly data committee meetings to monitor data and reports to the BOD. Weekly coordinated entry meetings (able to tell who is regularly attending meetings).

1E-4a.	Reallocation Between FY 2017 and FY 2022.	
	NOFO Section VII.B.2.f.

If you notified applicants on various dates, enter the latest date of any notification. For example, if you notified applicants on 06/26/2022, 06/27/2022, and 06/28/2022, then you must enter 06/28/2022.

1.	describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in databases that meet HUD's comparable database requirements; and	
2.	state whether your CoC is compliant with the 2022 HMIS Data Standards.	

(limit 2,500 characters)

1.Some VSP providers in our CoC are utilizing a sperate closed implementation of the ServicePoint software that mirrors the setup of the regular HMIS network and meets all the HUD data standards and CoC/ESG reporting requirements. Known as the Domestic Violence Information Management System (DVIMS). The HMIS Lead Agency manages the network set up for the agencies and provides training and support to the VSP agencies on their implementation. The providers utilize the "un-named client" function of the software, where the end user enters the client's name to inform the creation of a unique ID, but when the record is saved, the name is purged from the system. No HMIS administration staff, vendor staff or recipient staff member has access to the name. The agency must include the ID number to the client file so that VSP agency staff can locate the appropriate record so interim updates and exit information can be entered as needed.

2.Since the DVIMS tool is utilizing the same software as many HMIS implementations, the CoC can request the same performance data as it does of the HMIS participating agencies. The HMIS Lead can run System Performance Measures reports upon request and report to the CoC as often as desired, the same can be said for the ESG CAPER and CoC APR. The HMIS administrative agency is also prepared to support VSP providers with custom performance reports upon request.

2A-5.	Bed Coverage Rate–Using HIC, HMIS Data–CoC Merger Bonus Points.	
	NOFO Section VII.B.3.c. and VII.B.7.	

Enter 2022 HIC and HMIS data in the chart below by project type:

Project Type	Total Beds 2022 HIC	Total Beds in HIC Dedicated for DV	Total Beds in HMIS	HMIS Bed Coverage Rate
1. Emergency Shelter (ES) beds	437	256	437	241.44%
2. Safe Haven (SH) beds	0	0	0	
3. Transitional Housing (TH) beds	146	0	146	100.00%
4. Rapid Re-Housing (RRH) beds	122	34	122	138.64%
5. Permanent Supportive Housing	274	0	55	20.07%
6. Other Permanent Housing (OPH)	0	0	0	

2A-5a.	Partial Credit for Bed Coverage Rates at or Below 84.99 for Any Project Type in Question 2A-5.	
	NOFO Section VII.B.3.c.	

	For each project type with a bed coverage rate that is at or below 84.99 percent in question 2A-5, describe:
1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.

(limit 2,500 characters)

1.VASH beds are not included in the CoC HMIS which causes this percentage to be below the 85% threshold. VA Outreach staff to participate in Coordinated Entry and can identify when a client obtains a VASH voucher which then can be designated at Exit for the client but VASH does not enter into HMIS.
2. The CoC, while in rebuilding mode, will establish policy and procedures to increase bed coverage to 85% minimum. This will be done once the CoC hires a director to lead these efforts.

2A-6.	Longitudinal System Analysis (LSA) Submission in HDX 2.0.	
	NOFO Section VII.B.3.d.	

Did your CoC submit LSA data to HUD in HDX 2.0 by February 15, 2022, 8 p.m. EST?	No

2B. Continuum of Care (CoC) Point-in-Time (PIT) Count

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

   - Frequently Asked Questions

2B-1.	PIT Count Date.	
	NOFO Section VII.B.4.b	

	Enter the date your CoC conducted its 2022 PIT count.	01/26/2022

2B-2.	PIT Count Data–HDX Submission Date.	
	NOFO Section VII.B.4.b	

	Enter the date your CoC submitted its 2022 PIT count data in HDX.	05/03/2022

2B-3.	PIT Count–Effectively Counting Youth.	
	NOFO Section VII.B.4.b.	

	Describe in the field below how during the planning process for the 2022 PIT count your CoC:
1.	engaged stakeholders that serve homeless youth;
2.	involved homeless youth in the actual count; and
3.	worked with stakeholders to select locations where homeless youth are most likely to be identified.

(limit 2,500 characters)

1.Each year the CoC reaches out to all Youth providers in the state to participate in the sheltered and unsheltered PIT count. Providers are asked to train staff and volunteers on the PIT regulations and the methodology for conducting an unsheltered count. Sheltered youth are reported through HMIS.
2.Each youth provider has a youth advisory board which is asked to participate in the PIT count process by reviewing the Youth PIT questions that can be asked and give guidance on gaining the best information from youth. Youth also help train volunteers on how to approach youth and best practices for interviewing.
3.Youth providers and youth advisory boards also assisted in conducting the Unsheltered PIT count by contacting youth who were unsheltered on the night of the PIT. Information about where youth will be during the PIT count hours helps other volunteers to find and engage with homeless youth.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section VII.B.5.a and VII.B.7.c.	

	In the field below:
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable;
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable; and
3.	describe how the changes affected your CoC's PIT count results; or
4.	state "Not Applicable" if there were no changes or if you did not conduct an unsheltered PIT count in 2022.

(limit 2,500 characters)

1.Data collection is conducted using paper questionnaires that are filled out while talking with people. An online portal is used to capture the data recorded on paper and tabulate the results. The CoC continues to enhance and expand the use of an online portal that can be accessed from most electronic devices if internet is available. Most volunteers prefer to record responses on paper forms and then transfer the data into the online portal. Both methods have resulted in better data collection.
2.In 2021 the CoC opted to not conduct an unsheltered count due to the high number of COVID cases in the state. For 2022, the number of unsheltered was significantly lower than in 2019 and 2020.
3.The change in numbers could be attributed to the increase in Homeless Prevention and Rapid Re-Housing funds that have been available. Also, in 2022 there was an increase in the number of sheltered persons which could be attributed to the additional funds for emergency shelter available.
4.Not Applicable

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;

2C-1.	Reduction in the Number of First Time Homeless–Risk Factors Your CoC Uses.	
	NOFO Section VII.B.5.b.	

	In the field below:
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;
2.	describe your CoC's strategies to address individuals and families at risk of becoming homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time

(limit 2,500 characters)

The Wyoming Homeless Collaborative utilizes the Coordinated Entry System to identify persons who have become homeless for the first time. During the CE intake process, the interviewer will ask if the individual or household has received any homeless services in the past. HMIS is also able to show whether the individual or household is currently in the system. Through ESG-CV, recipient agencies are able to provide more eviction prevention services. Households at risk of homelessness are able to access these funds.
The CoC is contracting with an outside agency to be responsible for overseeing the strategies with oversight from the WHC board of directors.

2C-2.	Length of Time Homeless–CoC's Strategy to Reduce.	
	NOFO Section VII.B.5.c.	

	In the field below:
1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,500 characters)

The average length of time individuals and families remain homeless is 78 bed nights, an increase of 2 bed nights from the prior year. This increase can be attributed to the requirements set in place during COVID to increase social distancing, requiring emergency shelters to lower their maximum capacity. The CoC utilizes the Coordinated Entry System to identify individuals and families with the longest lengths of time homeless and highest vulnerability. When a RRH or PSH provider has an opening in their project, they pull directly from the top of the By-Name List. The Data Committee is responsible for the monitoring of the CE processes and requirements to ensure compliance with prioritization policies.

	2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing–CoC's Strategy	
		NOFO Section VII.B.5.d.	

		In the field below:
	1.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;
	2.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and
	3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.

(limit 2,500 characters)

WY-500 CoC has been able to increase the rate at which individuals and households exit to permanent housing and retain permanent housing through the constant improvements in data quality and increased HMIS training. In 2021, the destination error rate was decreased to 2%, a 5% decrease from the year prior. Additionally, through the CE system, individuals and households are being referred to appropriate housing placements, helping to ensure the individual or households are able to retain housing. With the additional ESG-CV funds, agencies have been able to utilize eviction prevention and rapid rehousing services. These funds help ensure households are able to obtain and retain safe and affordable housing. The CoC is contracting with an outside agency to be responsible for overseeing the strategies with oversight from the WHC board of directors.

	2C-4.	Returns to Homelessness–CoC's Strategy to Reduce Rate.	
		NOFO Section VII.B.5.e.	

		In the field below:
	1.	describe your CoC's strategy to identify individuals and families who return to homelessness;
	2.	describe your CoC's strategy to reduce the rate of additional returns to homelessness; and
	3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

(limit 2,500 characters)

Through the Coordinated Entry System, the CoC is able to identify individuals who return to homelessness by asking targeted questions within the CE assessment process. This process will allow these individuals and households be referred to appropriate supportive services and housing placements, increasing the likelihood of successful placements and, in turn, reducing the vulnerability for recidivism. The Data Committee is responsible for overseeing this strategy by reviewing the System Performance Measures on a quarterly basis and evaluating the Coordinated Entry System's performance and making process recommendations for improved performance.

	2C-5.	Increasing Employment Cash Income–CoC's Strategy.	
		NOFO Section VII.B.5.f.	

	In the field below:
1.	describe your CoC's strategy to access employment cash sources;
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their cash income; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.

(limit 2,500 characters)

The CoC's Data Committee and the BOD frequently monitors the data quality of each agency. Agencies are required to enter any changes in client income in a timely manner. The CoC has been providing additional HMIS training to ensure all users have an understanding of the system and the significance of the timeliness of data entry.

The CoC's 10-year plan specifically addresses increasing access to employment and mainstream benefits. Wyoming Workforce Services is an active member of the CoC and provides information on increasing access to employment. Wyoming's Department of Family Services and the Department of Mental Health collaborate with the CoC to increase access to mainstream resources through the SOAR and PATH programs. Additionally, one of Wyoming's larger cities has held events similar to a Project Homeless Connect to engage clients and connect them with mainstream resources. The CoC has plans to provide training on how to implement this model in other locations within the CoC.

2C-5a.		Increasing Non-employment Cash Income–CoC's Strategy	
		NOFO Section VII.B.5.f.	

	In the field below:
1.	describe your CoC's strategy to access non-employment cash income; and
2.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.

(limit 2,500 characters)

Many agencies within the CoC have received SOAR training, and are completing SOAR applications on behalf of their clientele, allowing clients to receive benefits in a timely manner. Additionally, numerous agencies screen to ensure clients are receiving eligible benefits. Wyoming's 211 phone line also asks questions regarding non-cash income. Each agency within the CoC is responsible for ensuring clients are informed of eligible benefits.

4B. Attachments Screen For All Application Questions

	We have provided the following guidance to help you successfully upload attachments and get maximum points:

	1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.
	2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.
	3.	We prefer that you use PDF files, though other file types are supported–please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.
	4.	Attachments must match the questions they are associated with.
	5.	Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process.
	6.	If you cannot read the attachment, it is likely we cannot read it either.
		. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).
		. We must be able to read everything you want us to consider in any attachment.
	7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.

RE: Homeless Preference

Housing Authority of the City of Casper has a homeless preference of 10% of our Housing Choice Voucher program. During the 2019 Fiscal Year the preference is completely full. The wait list for the homeless preference is an additional 15% of our current utilization.

Kim Summerall-Wright

preferences. HUD also permits the PHA to establish other local preferences, at its discretion. Any local preferences established must be consistent with the PHA Agency Plan and the Consolidated Plan, and must be based on local housing needs and priorities documented by generally accepted data sources.

CHA Policy

The CHA will select families based on the following preferences. A family qualifying for one of the preferences listed below is given the same priority as a family qualifying for more than one preference. After preferences, CHA will determine priority based upon the date and time of pre-application.

A family may qualify for a preference at any time they are on the waiting list, but must qualify for the preference at the time of the eligibility pooling meeting. All preferences must be documented by evidence, which must include verification by a reputable and professional third party.

Applicants not eligible for the preference will be placed on the regular waiting list as of the date and time of their pre-application.

All preferences will receive the same weight and preference-qualified applicants will be offered HCV assistance before other applicants. The preferences are listed below in random order with no hierarchical system.

1) The following preferences apply only to elderly households, disabled households and households with dependents:

   A. Displaced person(s): Individuals or families displaced by government action or whose dwelling has been extensively damaged or destroyed as a result of a disaster declared or otherwise formally recognized pursuant to Federal disaster relief laws.

   B. Families residing in CHA owned properties who are required to move and who cannot be placed in another CHA owned unit. To qualify for this preference, the family must be in good standing. A household will be considered to be in good standing if it is in compliance with the terms of their Lease and CHA policies and house rules.

   C. Person(s) who reside in the CHA jurisdictional service area or who are working or have been hired to work in the CHA jurisdictional service area.

   D. Homeless person(s) referred to the CHA by a local agency providing the applicant case management to assist in eliminating chronic homelessness. Applicants must be actively and currently engaging in case management for at least 6 months from the time of selection from the waiting list. Applicants terminated or evicted from any CHA program or unit will not be eligible for a homeless preference.

assistance before other applicants. The preferences are listed below in random order with no hierarchical system.

1) The following preferences apply only to elderly households, disabled households and households with dependents:

    A.   Displaced person(s): Individuals or families displaced by government action or whose dwelling has been extensively damaged or destroyed as a result of a disaster declared or otherwise formally recognized pursuant to Federal disaster relief laws.

    B.   Families residing in CHA owned properties who are required to move and who cannot be placed in another CHA owned unit. To qualify for this preference, the family must be in good standing. A household will be considered to be in good standing if it is in compliance with the terms of their Lease and CHA policies and house rules.

    C.   Person(s) who reside in the CHA jurisdictional service area or who are working or have been hired to work in the CHA jurisdictional service area.

    D.   Homeless person(s) referred to the CHA by a local agency providing the applicant case management to assist in eliminating chronic homelessness. Applicants must be actively and currently engaging in case management for at least 6 months from the time of selection from the waiting list. Applicants terminated or evicted from any CHA program or unit will not be eligible for a homeless preference.

Buildings Designed for the Elderly and Disabled: Preference will be given to elderly and disabled families. If there are no elderly or disabled families on the list, preference will then be given to near-elderly families. If there are no near-elderly families on the waiting list, units will be offered to families who qualify for the appropriate bedroom size using these priorities. All such families will be selected from the waiting list using the preferences as outlined above.

Accessible Units: Accessible units will be first offered to families who may benefit from the accessible features. Applicants for these units will be selected utilizing the same preference system as outlined above. If there are no applicants who would benefit from the accessible features, the units will be offered to other applicants in the order that their names come to the top of the waiting list. Such applicants, once they are housed, must sign the lease form stating they will accept a transfer (at their own expense) if, at a future time, a family requiring an accessible feature(s) applies or the circumstances of a current public housing household change to require the accessible feature(s). Any family required to transfer will be given a 30-day notice.
