# 10/17/2025 CoC Minutes

## I. Attendance

**Present:** Bobbie Nielson, Shari West, Anna Edwards, Paul Wright, Dawn Dillinger, Micki Jaramillo, Tracy Obert

## II. Guests

None

## III. Approval of Minutes 9/5/2025

**Motion:** Tracy Obert moved to approve the meeting, seconded by Paul Wright and carried unanimously.

## IV. New and Ongoing Business

### New Business:

Feedback Friday was discussed, and Wanda would like to see it implemented on the fifth Friday Board meeting. A theme should be announced and then we would have a moment for open comments. Halloween is the fifth Friday in October, and we anticipate attendance to be low. Discussion was had on themes and Anna will send out an email for consensus.

Possible changes for next year's monitoring when this year is complete.

### Ongoing Business:

- Monitoring update: Bobbie and Shari have started the first round of monitoring with CAPNC. Bobbie and Shari commented that it went well with no "red flags". CCS will be next, and Tracy asked if there would be emails sent out, Anna confirmed they would be sent.
- Review of the regional map of Wyoming and the Wind River Reservation was added. It should be presented at the membership meeting next week. Bobbie stated that we should start publicizing it, so people get used to it. Everyone liked the names vs numbers and would like to get it out to the membership. Karla and Dawn will both be out for the next couple of weeks. Anna will write an elevator speech to present, and we can start reaching out to the regions to make contacts and promote board membership.

- 
- Goal 3 to demonstrate the purpose and impact of HMIS, with Bobbie and Caitlin are the leads on this one. Bobbie is working with HOPWA and developing a new MOU. This is a huge win! 211 has also been contacted. Promoting the value of HMIS is going to be the key to getting other agencies on board. Bobbie will work on ideas will be present in mid-December with an idea of having it ready to roll out in January.
  - Karla had knee replacement surgery and Bobbie reached out to see how she was, and she is doing good.

### **NOFO & HUD Updates:**

No new information on NOFO release or changes; updates are pending. The Government shutdown is playing a role in this and no news is going out right now.

Sexual orientation and gender identity fields have already been removed from current assessments per prior decision.

Awaiting official HUD guidance on further data standard changes.

### **HMIS & HUD Updates:**

There's really no updates other than advocates and even congressional people have been trying to get a hold of HUD and tell them about PSA, PSH and how that's a bad idea. There's been a lot of of people trying to contact HUD, and HUD is just not responding to anyone right now. Even senators have tried to get contact, and there's no response.

I'm sure as soon as the government opens up again, we'll have more updates from them.

- **HUD Advocacy & NOFO Discussion:**

None

- **In-Kind Match Tracking:**

Monitoring hours should be documented to be used for match.

- **Other updates:**

LIEAP is accepting application but will not be funding until government reopens. SNAP benefits are also in jeopardy.

CCS weatherization has not been affected at this time.

### **ESG Update:**

- No update

## **VI. Public comments (if Applicable)**

None

## **VII. Announcements and Events**

The next CoC meeting is scheduled for October 31st, at 8:30 am.

The meeting was adjourned at 9:45 am by the Chair.
